After all, in order to deliver a consistent language use throughout this work and to assure a shared understanding of the deployed concepts, the following terminology is hereinafter referred to: . That is Time For Bed Chris in the traditional society, even though Christianity was distinguished from the temporal world, both participated in a shared collective memory, obeying the laws which every collective memory must obey HalbwachsIn this context, individual memory and collective memory seem to be placed in a position of rivalry: either homo religiosus Time For Bed Chris hold memories of its own and derive from them a sense of religious identity and affiliation, as the proponents of a school of inwardness would argue, or religious memory belongs, by its very nature, to a collective entity which defines itself in reference to a shared lineage of belief, as the critics of a radical subjectivism would say Ricoeur While collective memory endures and draws strength from its base in a coherent body of people,

it is after all individuals as group members who remember.
